

Crash Barrier

Our Crash Barrier offers extensive defense against all types of vehicles including cars, vans, lorries and fork lift trucks. The barrier is supplied as standard in galvanised steel, and can be powder coated on request. It can be supplied with extended supports for below ground fixing or with base plates. This is a corrugated beam system with offset brackets attached to posts.

Height 740 mm

Modular Width
1000 mm, 2000 mm, 2500 mm
