Falcolite Smoking Shelter

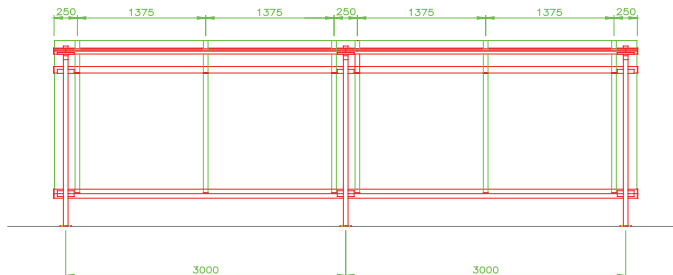

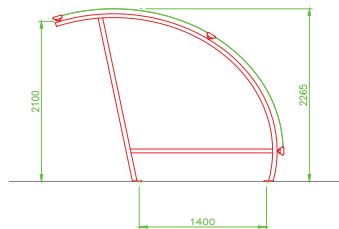

The FalcoLite single bay smoking shelter is a simple, classic shelter. With a natural curve and angled front support, the single bay combines strength with great design lines.

The smoking shelter with clear polycarbonate roof back and side comes with a brise bench and stainless steel cigarette ashtray.

Additionally the FalcoLite incorporates integral gutters so that when used as a smoking shelter, there is no rain dripping to the shelter entrance.

Product Details

- Galvanised steel frame with clear polycarbonate roof back and side sheet
- Dimensions 3000mm long x 2540mm wide x 2100mm high per bay
