

## Falcomat Bicycle Stands

The FalcoMat is a very popular wall mounted cycle parking unit and a great space saving solution. Using an ingenious gas strut assisted mechanism, the FalcoMat makes vertical mounting of cycles very easy, plus it takes up a minimum of space.

Simply attach the front wheel to the hook, pull the bicycle towards you and the bicycle is automatically raised! To retrieve the cycle, just pull gently on the saddle and the bicycle then drops down and can be unhooked. Robust, secure and space saving, the FalcoMat is easily mounted onto the wall with just two bolts.

## Product Details

- Galvanised bicycle stand for wall mounting
- Gas strut assisted mechanism
- Minimum space vertical mounting
