

Falcosail Shelter

The FalcoSail is a design led product and from any angle the likeness of a sail ship is unmistakable, making the cycle shelter a very attractive addition to any external environment for use as a waiting, smoking or cycle shelter.

Modular with both 3m and 4m options, there is great scope to extend. Like all Falco cycle shelters, the FalcoSail is modular in design enabling a shelter to be built up to house any number of cycles in various combinations.

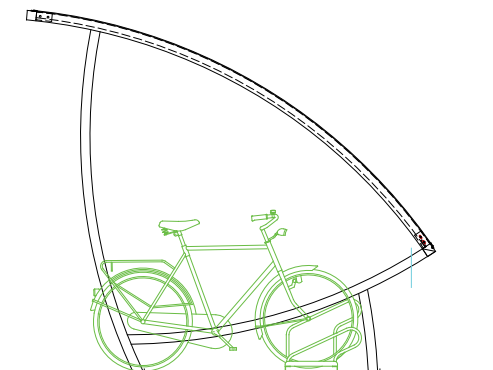

Clad in robust polycarbonate the steelwork is hot dip galvanised to BS EN 1461 and can be powder coated in any of the 192 RAL colours.
