

## Puncto Double Sided Shelter

The Falco Puncto is a cantilevered design incorporating a triangular polycarbonate roof section. A very flexible canopy system which can be arranged side by side or in a continuous run. The design has integral gutters for rainwater which discharge just above ground level and is also available with optional safety glass side walls for weather protection.

**Falco Puncto Double Sided Modular**  
A double sided shelter with a total roof span of 4,500 mm. Particularly suited to parking large numbers of bicycles. Available with optional side walls.
