

## Puncto Single Sided Shelter

The Falco Puncto is a cantilevered design incorporating a triangular polycarbonate roof section. A very flexible canopy system which can be arranged side by side or in a continuous run. The design has integral gutters for rainwater which discharge just above ground level and is also available with optional safety glass side walls for weather protection.

**Falco Puncto Single Sided Modular**  
A single sided shelter with a total roof span of 2,400 mm. Highly suitable for any canopy use including; waiting shelter, bus shelter or for bicycle parking. Available with optional rear and side walls.
