

Stainless Steel Bollard 101mm

Our 316 grade stainless steel bollard is an ideal contemporary urban design solution.

The dome top bollard is available in a fixed version for setting into concrete, with a base plate to surface fixing or as a removable bollard.

If required brackets can be added to the bollard so chain linking can be used.

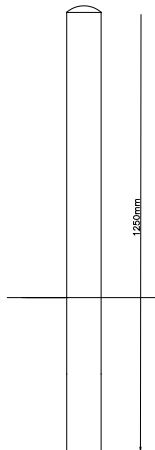

Dimensions: 101mm diameter, 1250mm high for setting into concrete, 2mm thick tube with dome top cap
